Remote working in South Africa – Are we ready?

Visit www.istratgo.co.za/remote-working-south-africa/ to read the full article

How do we overcome the challenges?

What are the biggest challenges for remote working and how can we overcome them?

Corporate Culture

Q: How can employees embrace a corporate culture without being in the office?

A: Good Corporate culture is built into everything that happens at the company. From the clothing to the communications between colleagues.

Collaboration + Meetings

Sometimes teams may need to collaborate on projects.

Collaboration tools such Microsoft Teams, Trello and Slack are very helpful.
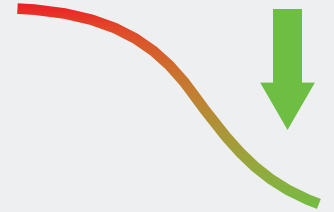

What are the benefits?

Productivity

Productivity up by almost a full day

Cost to company

Save your employees time and money.

Save your employees roughly **2 hours a day** and at least **R2 000 a month.**

(Micro-) Managers

Managers worry that if they allow employees to work from home, work might not get done or done correctly.

Having a good structure of communication and check-ins could help. Timesheets could help managers stay on top of how much time is being dedicated to what tasks.
